You were all I wanted,
I never wanted you to go,
All that every one did,
Was talk all day long.

I wrote your name down,
500 times,
On a peice of paper,
You did the same,
But then 6 weeks later...

No matter what,
I will push away,
Get lost, away from my life,
Youve gotta regret what youve done,

You broke my heart,
So get away right now,
If your gonna get with me,
You wont mess with me,
In my head,
No more.

I thought you were mine,
I thoguht you were fine,
Why did you ruin (it all)
You think you stand so tall (but oh no)
You just some geek,
Get away.

No matter what,
I will push away,
Get lost, away from my life,
Youve gotta regret what youve done,
You broke my heart,
So get away right now,
If your gonna get with me,
You wont mess with me,
In my head,
No more.

Don't try to hold my hand,

I will push you away,
Just nenever come again.

Don't try to take over me,
Can't you see I'm still like me,
I aint you, you aint me,
Why can't you just let me free?

No matter what I will push you away,
Can't you see I am here to stay?

No matter what,
I will push away,
Get lost, away from my life,
Youve gotta regret what youve done,

You broke my heart,
So get away right now,
If your gonna get with me,
You wont mess with me,
In my head,
No more.
