Hell yeah, I'm hella good,
Hey baby, Looks like I should,
Start making out with you (or maybe not),
Its your choice.

Underneath it all,
I'm a detective,
So don't let me down,
Or I'll start a fire,
On your heart.

Now your running,
Into my head,
Stop it now or you'll be dead,
I don't have a platinum blonde life,
So you wont be free.

Underneath it all,
I'm a detective,

So don't let me down,
Or I'll start a fire,
On your heart.

I'm sitting here in the waiting room,
Yeah my intro hella good.

Hell yeah, I'm hella good,
Hey baby, Looks like I should,
Start making out with you (or maybe not),
Its your choice.

Underneath it all,
I'm a detective,
So don't let me down,
Or I'll start a fire,
On your heart.

I'll catch you out.
