Pearl,into the night
youÂ're running away
The preacher is after you

Pearl,your brother,Pearl
On his way to being a man
Looks after you so well

In between hate and love
In between bad and good
You ride into the night

The money is in your Bunny
ThatÂ's what the preacher wants
Your father robbed the bank

Pearl,youÂ're starving,Pearl
And youÂ're not the only one
YouÂ're singing on the boat
In between hate and love
In between bad and good
You ride into the night

Oh pearl,if you look at
The devil in the eye
IÂ'm sure,oh yes IÂ'm sure
He would do you no harm
No bad religion there
Only,only bad men
We Â're not,we are not that bad
But we lose our way

You ride into the night
You ride into the night
