[music: Sanga | lyric: Barthold]

Came to the flies  
Came all the way back down  
The voice of your brother's blood  
Cries out from the ground I felt the taste  
From the mourning in your heart  
Blood for a feast  
We share with everyone  
Unchain the heart that holds me in this world  
Sugar for the blood  
That pumps beneath the soil

A winter's heart  
That skates on through desire  
Felt by the touch  
The angels flames of fire  
Unchain the heart  
That beats on through this fire  
Wait shame the blood  
The fall of every girl

Unchain the heart that holds me in this world  
Sugar for the blood  
That pumps beneath the soil

Came to the flies  
Came all the way back down  
The voice of your brother's blood cries out  
I felt the taste  
From the mourning in your heart  
Blood for a feast  
We share with every god

Unchain the heart that holds me in this world  
Sugar for the blood  
That pumps beneath the soil
