We had a good thing, it was a blast
That was a long time in the past
You went through changes & I went away
And I have regretted that to this day

I may not always have quite so much hair
But what you saw in me will hopefully always be there
I'll never hurt you again, I swear

[Chorus]

So put your arrrrrms around me, your dinner lady arms
[repeat]

I couldn't figure out where your figure had gone
I thought that I could live without you baby I was so
wrong

So put your arrrrrms around me, your dinner lady arms
Your dinner lady arms

Forgive and forget I caused you some pain
Find it in your heart to start again

I know I'll never be your Mister Right
But I'm happy to be your mister that will do for tonight
I'll never let you out of my sight.

I may be light years past on my sell-by date
But there's what we are forgetting, it's not too late
Put your arrrrrms around me, your dinner lady arms
dinner lady arms

Forgive and forget I caused you some pain
Find it in your heart to start again
I know I'll never be your Mister Right
But I'm happy to be your mister that will do for tonight
I'll never let you out of my sight.

So put your arrrrrms around me, your dinner lady arms
[repeat]

I couldn't figure out where you'd figure had gone
I thought that I could live without you baby I was so
wrong
Put your arrrrrms around me, your dinner lady arms,
HUH!

[Solo]

I may be light years past on my sell-by date
But there's what we are forgetting, it's not too late
Put your arrrrrms around me, your dinner lady arms
dinner lady arms
