Prawn cocktail black forest gâteau, eggs and gammon  
with a bottle of lambrusco,  
This is opulent luxury, I'm as happy as a pig in shit  
could be!  
You keep your cordon bleu, and your seedless grapes,  
You know where you can stick your brown eggs!

Bridge: I just want what every man wants,  
A nibble on your vol-au-vents...and a pint!

Chorus: (x2)

(So Just) Shake shake shake like a lettuce leaf,  
Shake it til the slugs fall off!

I like simple things, meaty pies!  
I like potato chips and I like my sushi deep fried.  
Never could pronounce houderves,  
Cannot speak the language of love!

Bridge: I just want what every man wants,  
A nibble on your vol-au-vents...and a pint!

Chorus x 2

(solo)

Repeat Chorus (x4)
