Desert... Night...  
Coyotes Feel the Cold Wave of The Dark  
Red Eyes eats through  
the Vast Nocturnal Landscape  
A Strong Light - The Only Night

This is where he made Sculptures  
from the Visions that Created The Force

Baphomet in Steel  
For the Flesh of Cain  
A Throne made by remains  
of 12 holy Disciples

New Disciples rose,  
  
one by one, ten by ten  
All met under the Desert Moonlight  
Knowledge fired across the Landscape  
Sparks that mixed with Coyote Eyes  
Diabolic Forces in a Ceremonial Union

And each Beast of the Land  
took its own way in Living  
(the) Seven forbidden things  
were Eternally Desecrated

Kathaaria was Built - World without End
