Deprived of will  
Myself I shall kill  
Three feet in the grave  
Deprived  
Decaying soul

Lifeless  
Lifeless

Portal of fear  
In hatred  
Barren life  
With ornaments of sin  
Drained of blood, I'm near  
Lifeless

Deprived  
Lifeless  
Awaiting grimly in the shadows...  
In hatred

Eons of numb hopelessness lies ahead  
Utter totalitarian fortresses of voidmight  
In the water of life the circuits are breaking  
Lifeless

Deprived  
Lifeless  
In hatred
