Too many fools blocking my motion  
Clouding my eyes...must be the potion  
Spots on my eyes...must be the lotion  
Love in a void...it's so numb  
Avoid in love...it's so dumb  
Love in a void

Too many bigots for my liking  
Too many critics...too few writing  
Rabid dogs that just ain't biting

Love in a void...it's so numb  
Avoid in love...it's so dumb  
Love in a void

Jaded reputation on which you're staking  
Lots of money for the making  
For all the stars they're just faking

Love in a void...it's so numb  
Avoid in love...it's so dumb  
Love in a void
