Elapsed chainless activity  
Timeless contradiction  
Stand - still movement  
Born without flesh  
Nothing is in perspective  
Smashing ground  
Conscious, aware...  
Mindflight fully digested

Consequences beyond rational  
- Thought  
Sources floating - shimmering  
Aiming for the featherless  
For it is bound of existence  
Proud  
Blackhole invulnerability  
- events, that make the warrior  
Black flames gallantly dancing  
Sworn to intoxicate the  
Threading human soil  
- Planet  
Magnitide unveiled  
Impoverished life

Profused tailored terror  
Forlorn hope  
Desolated globe Locked behind crumbled doors
