She couldn't be for real
The most beautiful girl you've ever seen
It was all in her eyes in her eyes

Not waiting for the morning
Not waiting for the sun
She's waiting for it all to come undone

She's stopped dreaming
(CHORUS)
I know it's better that way
To live for today
This may be our last night on earth

I don't need a Jesus
I have one wish
For white butterflies to shut my eyes

For two weeks in September
I'll sleep forever
Til red birds will fly and take me down

Erase the legend
(CHORUS)
I know it's better that way
To live for today
This may be our last night on earth

The fountain is overflowing with lemon yellow suns
It's the feeling that comes from knowing this time
you've found the one
Purple white and green, orange and pink and mean,
Lilly lavender and blue

The soul cures it's suffering
Soon enough will die
On that night heaven falls and so will I

She's stopped dreaming
(CHORUS)
I know it's better that way
To live for today

This may be our last night on earth
