Jessamine is such a pretty girl  
Living in her world  
She's a vision, she's almost supernatural  
Flame red hair, skin pale as milk  
Wild freedom wearing rhinestone heels  
Lives her life pretending she's someone else  
Save us all on Sunday morning  
Tomorrow's party has only just begun  
Save us all on Sunday morning  
Just one last kiss, one last wish, one last kiss for no one  
You can try to resist her influence  
Don't even waste your time  
She'll make your feel  
Like you've seen the muse alive  
She'll intoxicate your mind  
She stands like a perfect daffodil  
Her very name is a sweet symphony  
Save us all on Sunday morning  
Tomorrow's party has only just begun  
Save us all on Sunday morning  
Just one last kiss, one last wish, one last kiss for no one  
Who do you love,  
Who do you love,  
Who do you love?  
She's collecting memories  
And putting them away  
She's counting stars  
In her perfume jar  
Who do you love,  
Who do you love?  
You can tempt her with your lovely lies  
She'll convince you with those green gold eyes  
Save us all on Sunday morning  
Tomorrow's party has only just begun  
Save us all on Sunday morning  
Just one last kiss, one last wish, one last kiss for no one  
Who do you love,  
Who do you love...
