Don't let the silence scare you
Silence can be beautiful
Let the longer days and longer nights
Melt plastic candy waterfalls
Paper sky peels off the walls
Hit the lights hold telephone calls
Listen to him whispering
I feel such desire for you
Pauline
In ordinary ways
You're extraordinary it seems
You don't belong to me
And you're dying,
You're dying to be free
Pauline is beautiful
Expects the world to give her everything
Pauline is beautiful
Expects the world to lay down at her feet
Flowers for the queen
She's uttering such pretty things
Looking down from her ivory tower machine
Perhaps there are no accidents
Just old star maps to decadence
One last fling with her sleeping fires
She dreams in color lives in black and white desire
Ressurections glistening
She's the empress of the stormy scream
Pauline
In ordinary ways
You're extraordinary it seems
You don't belong to me
And you're dying,
You're dying to be free
Pauline is beautiful
Expects the world to give her everything
Pauline is beautiful
Expects the world to lay down at her feet
Flowers for the queen
Tinsel moon and trickling pearls
My love my life my shiny one
You're madame x y and abc
You can be anyone you want to be

Go on, and fly
Fly...
