I cry in candlelight
I need you here
The vivid visions come
Then disappear
I swear your spirit's here, it's inexplicable
I'll never understand but I won't question it all
Beyond the aqua blue
Time's standing still
Illuminating me
Like moonshadows will
I look at my reflection and see yours instead
This can't be real
I said
Your brilliance and beauty
Has left me reeling
In sunlight and shadows I believe
You have set me free
You've set me free
Tonight we'll light the sky
And run through the fields
Tune in my frequency
Swim lavender seas
Show me your beautiful flaws
And tell me how you got each scar
I'll never judge again
Just let me see your soul
Just let me touch you
Again
Your brilliance and beauty
Has left me reeling
In sunlight and shadows I believe
You have set me free
You've set me free
You've set me free
