I can do better I swear I promise
I'll do my best to not get so nervous
And I can trust you and not get so jealous
Of the other ones that came before me and I
I can hold you without being needy
I can be there without being smothering
And I won't compare you anymore
To the other ones that came before you and I
I'll be there everytime that you need me to talk it out or
to just sit silently I'll give you space everytime that you
need it
I'll keep you safe when you can't think clearly

I want so badly to rewind the tape
To shut my mouth and to take back what I said
I want so badly to make this ok
To shut my eyes and to hear you say you'll stay
You'll come back to me

I can do better I swear to god
I'll be more normal I'll not be so flawed
And I can hold it together unlike
Those other nights that came before this and I
I can listen and not be judgemental
I can provide with love unconditional
Restricted tension to every detail
Please forget about the me you knew before
And I'll be there everytime that you need me
To talk it out or to just sit silently
I'll give you space everytime that you need it
I'll keep you safe when you can't think clearly

I want so badly to rewind the tape
To shut my mouth and to take back what I said
I want so badly to make this ok
To shut my eyes and to hear you say you'll stay
You'll come back to me
You'll come back to me
You'll come back to me
You'll come back to me...

I want so badly to rewind the tape

To shut my mouth and to take back what I said
I want so badly to make this ok
To shut my eyes and to hear you say you'll stay
I want so badly to rewind the tape
To shut my mouth and to take back what I said
I want so badly to make this ok
To shut my eyes and to hear you say you'll stay
You'll come back to me
You'll come back to me
You'll come back to me
You'll come back to me...
