Did you skate figure eight  
on the ice in Central Park?  
Did you throw balls of snow  
at your friends until dark?

I guess I wanted to say...

I first called you when I woke up  
I think it was almost eight  
But I probably just missed you  
I must have been too late

Called back that night at seven-thirty  
Then I waited up till ten  
In the dark in my pajamas  
as the phone rang out again

Did the host raise a toast  
to the day your life began?  
Did someone bake your favourite cake  
with your name in marzipan?

I just called to say  
Happy birthday for...

I couldn't help but think of last year  
when it was just us two  
But I'm sure you can celebrate  
without the help of you-know-who

And if all the gang were with you  
it must have been a gas  
Didn't want you to think that  
I forgot, I kid you not

Now, did you go to a show  
and sentimentally keep the stub?  
Did you give hugs from the drugs  
that you bought in a night club?

I just called to say

Happy birthday  
for yesterday
