I want to sing with you tonight
Oh baby on the other side
When the chorus hits the verse
I got a sinking feeling
The sweetest thing you ever had
Wrapped in a song could make you sad
She curled up and rolled away
I got a sinking feeling

Why does it have to be
Something on my machine?
I couldn't tell you 'cause I could not tell you
Why does it have to be
Something on my machine?

I wanna sing with you tonight
Somebody scratched the other side
When it skips we'll start again
I got a sinking feeling
The sweetest thing you ever said
Wrapped in a song could make you dead
Broken heart don't use the phone
I got a sinking feeling

Why does it have to be
Something on my machine?
I couldn't tell you 'cause I could not tell you
Why does it have to be
Something on my machine?

Why does it have to be
Something on my machine?
I couldn't tell you 'cause I could not tell you
Why does it have to be
Something on my machine?

I want to sing with you tonight
Oh baby on the other side
When the chorus hits the verse
I got a sinking feeling
