I'm in love
I will go wherever you lead
Will you be there whenever I need you
Show you my car
I'm tryin' all I can to spare her
We will never part we'll never part
I wouldn't know if your life could be the same without
me
Paranoia strikes and lately nothing really turns me on
Sharon my stone, free me from my pride
I want you back on my side and nothing really turns me
on
There's light in this dark
I promise I won't make you sleep again
The hurricane has fallen over night
And I wanted to catch you but I longed for the freedom
and the road again
There's nothing wrong about it
I'am in love
Can I still drive you home to heaven
Will you be my maid forever more
I wouldn't know if your life could be the same without
me
Paranoia strikes and lately nothing really turns me on
Sharon my stone, free me from my pride
I want you back on my side and nothing really turns me
on
