Close your eyes for a little while
For this moment we've still got
I'll go away forever now
And you say love is fair
Fry your hair and forget the time
Put the cream on your skin
Shake off the fear and shut your mouth
And don't say love is fair
Baby the night is long
Let us sing our song
Until tomorrow
Baby the night is long
Let us sing our song
Until tomorrow
Be it now or some other time

It just had to come to this
Like on tv, the rerun ends
And you say love is fair
Close your eyes when you look at me
When i say so
Open wide
Don't say a word and don't be scared
And don't say love is fair
Baby the night is long
Let us sing our song
Until tomorrow
Baby the night is long
Let us sing our song
Until tomorrow
