"Normally I don't do this
But I'm gonna hit ya'll off with a little taste of the remix
Ya'll ready, here we go

I pick you up from the club
take you home to make some love
Got a surprise close your eyes
I'm gonna cover you with suds

I'm gonna give you some poo-poo
I'm gonna give you some pee-pee
I'm gonna give you some doo-doo
Wash it down with some wee-wee

This is the remix edition of the song about pissing
I got that peeing, leaking, reeking, and there's juice in
the kitchen

(talking ...)
yeah, that's how it goes at a R. Kelly party
I sip Cris, you drink piss
I'm wanna piss on you remix, ya heard
Nah, I'm serious I really do want to piss on you
