Time to go
It's time to go
Whatever this means
He's happy it seems

The gentle accent moves me forward
With secrets that I know were true

So I'll be a fleeting sound
A light-ray out on the water
And I'll know his secret name
And tell him about the night time

So I'll be a fleeting sound
A light-ray out on the water
And I'll know his secret name
And tell him about the night time

So I'll be a fleeting sound
A light-ray out on the water
And I'll know his secret name
And tell him about the night time

After night
In boundless light
He calls my name
I do the same

After this
A simple kiss
Return my eyes
A true disguise

The gentle accent moves me forward
With secrets that I know were true

So I'll be a fleeting sound
A light-ray out on the water
And I'll know his secret name
And tell him about the night time

So I'll be a fleeting sound
A light-ray out on the water
And I'll know his secret name
And tell him about the night time

So I'll be a fleeting sound
A light-ray out on the water
And I'll know his secret name
And tell him about the night time
