Carve your heart out yourself
Hopelessness is your cell
Since you've drawn out these lines
Are you protected from trying times?

Man it takes a silly girl to lie
About the dreams she has
Lord, it takes a lonely one
To wish that she had never dreamt at all

Oh, look now
There you go with hope again
Oh, you're so sure
I'll be leaving in the end

Dig a ditch deep enough
To keep you clear of the sun
You've been burned more than once
You don't think much of trust

Man it takes a silly girl to lie
About the dreams she has
Lord it takes a lonely one
To wish that she had never dreamt at all

Oh, look now
There you go with hope again
But I'll be sure your secret's safe with me

Oh, you're so sure
I'll be leaving in the end
Treatin' me like I'm already gone

But I'm not
I will stay where you are, always
I will stay, I will stay, I will stay

I will stay, I will stay, I will stay
(Oh, look now)
I will stay
(Oh, look now, there you go)

I will stay
I will stay
(Oh, look now, there you go)
