Carve your heart out yourself
Hoplessness is your cell
Since you've drawn out these lines
Are you protected from trying times

Man it takes a silly girl to lie about the dreams she has
Lord it takes a lonely one to wish that she had never
dreamt at all

Oh look now
There you go with hope again
Oh you're so sure
I'll be leaving in the end

Dig your ditch deep enough
To keep you clear of the sun
You've been burned more than once
You don't think much of trust

Man it takes a silly girl to lie about the dreams she has
Lord it takes a lonely one to wish she had never dreamt
at all

Oh Look now, there you go with hope again
But I'll be sure your secrets safe with me
Oh you're so sure
I'll be leaving in the end
Treatin me like I'm already gone

But I'm not
I will stay
Where you are
Always

I will stay
I will stay
I will stay
I will stay
I will stay
I will stay (oh look now, there you go)
I will stay (oh look now, there you go)
I will stay

I will stay (oh look now, there you go)
