I'm starting to fashion an idea in my head
Where I would impress you
with every single word I said
I would come out insightful, and brave, and smooth, but
charming
you'd wanna call me

And I would be there everytime you need me
I'd be there everytime

But for now I look so longingly
waiting...
for you to want me
for you to need me
for you to notice me

I'm starting to fashion an idea in my head
Where I would impress you
with every single word I said
I would come out insightful, and brave, and smooth, but
charming
and you'd wanna call me

And I would be there everytime you need me
I'd be there everytime

But for now I look so longingly
waiting...
for you to want me
for you to need me
