Breathe in for luck  
Breathe in so deep  
This air is blessed  
You share with me

This night is wild  
So calm and dull  
These hearts they race  
From self control

Your legs are smooth  
As they graze mine  
We're doing fine  
We're doing nothing at all

My hopes are so high  
That your kiss might kill me  
So won't you kill me  
So I die happy

My heart is yours to fill or burst  
To break or bury  
Or wear as jewelry  
Whichever you prefer

The words are hushed  
Let's not get busted  
Just lay entwined here  
Undiscovered

Safe in here from  
All those stupid questions  
"Hey did you get some?"  
Man, that is so dumb

Stay quiet  
Stay near  
Stay close, they can't hear  
So we can get some

My hopes are so high

That your kiss might kill me  
So won't you kill me  
So I die happy

My heart is yours to fill or burst  
To break or bury  
Or wear as jewelry  
Whichever you prefer

Hands down this is the best day I can ever remember  
I'll always remember the sound of the stereo  
The dim of the soft lights  
The scent of your hair  
That you twirled in your fingers  
And the time on the clock

When we realized it's so late  
And this walk that we shared together  
And the streets were wet  
And the gate was locked  
So I jumped it  
And I let you in

And you stood at your door  
With your hands on my waist  
And you kissed me  
Like you meant it

And I knew  
That you meant it  
That you meant it  
That you meant it  
And I knew  
That you meant it  
That you meant it
