We are the only ones who feel it
Tonight we drink
Tonight we dance
We are the last ones who can hear it

We're calling in whispers
We're tired of waiting
We'll take what we want and we'll
Leave what we know behind

We are still dreamers
In our dead sleep
Naked and tangled
Twisted in love and Tonight
We are the only ones who feel it

So let it last all night
So let it last all night

Let the fire surround us
Let it all cave in
Let it all burn wild
We are leaving it all behind
We are leaving it all behind

Heaven is here (x3)

We are tangled and brave
We are naked and saved

Heaven's not waiting
It's spilling its secrets
It's right here between us
And we've no other choice but belief
We've no other choice but Belief
We've no other choice but Belief

So let it last all night (x3)
Oh let it last all night

Naked and tangled
And twisted in love

And tonight
We are the only ones who
Feel it

Heaven is here (x3)

And tonight
We are the only ones who feel it
