We are the only ones who feel it
tonight we drink
tonight we dance
we are the last ones who can hear it
we're calling in whispers
we're tired of waiting
we take what we want and we
leave what we know behind
we are still dreamers in our dead sleep

naked and tangled
twisted in love and tonight
we are the only ones who feel it

so let it last all night
so let it last all night
let the fire surround us
let it all cave in
let it all burn wild
we are leaving it all behind
we are leaving it all behind

Heaven is here
Heaven is here
Heaven is here

we are tangled and brave
we are naked and saved
heavens not waiting
its spilling its secrets
its right here between us
we've no other choice but believe
we've no other choice but believe
we've no other choice but believe

so let it last all night
so let it last all night
so let it last all night
so let it last all night

naked and tangled and twisted, oh
and tonight,

we are the only ones who feel it

heaven is here

heaven is here

and tonight

we are the only ones who feel it
