I don't know why I'm doing this.  
I don't see what's so unfixable.  
But It's getting harder all the time  
To deal  
To breathe

This pain in my arm is so much easier  
I can't take it in my heart anymore.  
I need the scars to remind myself  
that I need you.  
I need you.

You are the only one who understands.  
The only one I want to understand.  
If they all knew  
It would only be worse.  
They judge us; They sneer.  
None of them see what we are.  
What we could be  
And what we can do.

But this pain in my arm is so much easier  
I can't take it in my heart anymore.  
I need the scars to remind myself  
that I need you.  
I need you.

I need to stop.(Help me to heal.)  
I need to feel better. (Hold my hand)  
I need to breathe again. (Keep my head up.)

but most of all  
I need you.  
I need you.  
I need you.
