I never seen you look like this without a reason
Another promise fallen through, another season
passes by you
I never took the smile away from anybody's face
And that's a desperate way to look for someone who is
still a child

In a big country dreams stay with you
Like a lover's voice fires the mountainside
Stay alive

I thought that pain and truth were things that really
mattered
But you can't stay here with every single hope you had
shattered

I'm not expecting to grow flowers in the desert
But I can live and breathe and see the sun in wintertime

In a big country dreams stay with you
Like a lover's voice fires the mountainside
Stay alive [x2]

So take that look out of here, it doesn't fit you
Because it's happened doesn't mean you've been
discarded
Pull up your head off the floor, come up screaming
Cry out for everything you ever might have wanted
I thought that pain and truth were things that really
mattered
But you can't stay here with every single hope you had
shattered

I'm not expecting to grow flowers in the desert
But I can live and breathe and see the sun in wintertime

In a big country dreams stay with you
Like a lover's voice fires the mountainside
Stay alive [x2]
