Morning calls for pain relief
A line above the step beneath
The worst that you could do
And the best that you could hope for
Is hardly the best

Tepid water chase the pills
With turpentine and chamomile
And don't get cheap with the wine
You need to be up all of the time

And shield your eyes, conceal your lies
Don't blink, everyone's watching
They'll think you're up to something
They need for you to be
Everything that they cannot

Morning calls for pain relief
A line above the step beneath
The worst that you could do
And the best that you could hope for
Is hardly the best

Tepid water chase the pills
With turpentine and chamomile
And don't get cheap with the wine
You need to be up all of the time
All of the time

Shield your eyes, conceal your lies
And don't blink, everyone's watching
They'll think you're up to something
They need for you to be
Everything that they cannot

Don't blink, everyone's watching
They'll think you're up to something
They need for you to be
Everything that they cannot
Be themselves, be themselves
