Breathe in for luck.
Breathe in so deep.
This air is blessed you share with me. This night is wild
so come and dull. These hearts they race from south
countral. Your legs are smoothe as they graze mine.
we're doing fine. Were doing nothing at all.

My hopes are so high that your kiss might kill me. So
won't you kill me? So i die happy. My heart is yours to
fill or burst. To break or bury. So where is jewelry.
Which ever you perfer.

The words ae harsh, let's not get busted. Just laying
twined here. Undiscovered. Safe in here from all the
stupid questions. Hey, did you get some? Man, that is
so dumb.

Stay quiet. Stay near. Stay close we can't hear. So we
can get some. My hopes are so high that your kiss
might kill me. So won't you kill me? So i die happy. My
heart is yours to fill or burst. To break or bury. So where
is jewelry. Which ever you perfer.

Hands down. This is the best day I can ever remember.
I'll always remember the sound of the stereo. The dim
of the sun lights the scent of your hair. That you twirl in
your fingers.

And the time on the clock when we realized it's only
that this time that we've spent together and the street
was wet and the gate was locked, so i jumped it. And I
let you in. YOu stood at the door with your hands on my
waist and you kissed me like you meant it.

And I knew knew that you meant it. That you meant it.
That you meant it.
And i knew that you meant it. That you meant it.
