You've called to say you wanted out
Well I can't say I blame you now
Sometimes you've got to fold before you're found out
Well thanks for waiting this long to show yourself,
yourself
'Cause now that I can see you
I don't think you're worth a second glance

So much for all the promises you made
They served you well
And now you're gone and they're wasted on me
So much for you're endearing sense of charm
It served you well
And now it's gone and you're wasted on me

You've called to say you wanted out
Well I can't say I blame you now
Sometimes you've got to fold before you're found out
Well thanks, thanks for waiting this long to show
yourself, show yourself
'Cause now that I can see you
I don't think you're worth a second glance

So much for all the promises you made
They served you well
And now you're gone and they're wasted on me
So much for you're endearing sense of charm
It served you well
And now it's gone and you're wasted on me

I guess that all you've got is all you're gonna get
So much for so much more
I guess that all you've got is all you're gonna get
So much for so much more

Do what you must if that's what you wish
I can't be a party to this
If you had the sense that you were born with
You'd find a way to make things right

I guess that all you've got is all you're gonna get
So much for so much more

I guess that all you've got is all you're gonna get
So much for so much more
I guess that all you've got is all you're gonna get
So much for so much more
