Buried deep as you can dig inside yourself  
And covered with a perfect shell  
Such a charming beautiful exterior  
Laced with brilliant smiles and shining eyes  
And perfect posture, but you're barely scraping by  
But you're barely scraping by  
This is one time, and this is one time  
That you can't fake it hard enough to please  
Everyone, or anyone at all  
Or anyone at all  
And the grave that you refuse to leave,  
The refuge that you've built to flee  
The places that you've come to fear the most  
Is the place that you have come to fear the most  
Buried deep as you can dig inside yourself  
And hidden in the public eye  
Such a stellar monument to loneliness  
Laced with brilliant smiles and shining eyes  
And perfect makeup, but  
You're barely scraping by, and you're barely scraping  
by  
Well this is one time  
And this is one time  
That you can't fake it hard enough to please  
Everyone, or anyone at all  
Or anyone at all  
And the grave that you refuse to leave  
The refuge that you've built to flee  
The places that you've come to fear the most  
Is the place that you have come to fear the most
