Buried deep as you can dig inside yourself
And covered with a perfect shell
Such a charming, beautiful exterior
Laced with brilliant smiles and shining eyes
Perfect posture, but you're barely scraping by
But you're barely scraping by

This is one time, this is one time
That you can't fake it hard enough to please everyone
Or anyone at all...or anyone at all
And the grave that you refuse to leave
The refuge that you've built to flee
The places that you've come to fear the most
It's the place that you have come to fear the most

Buried deep as you can dig inside yourself
And hidden in the public eye
Such a stellar monument to loneliness
Laced with brilliant smiles and shining eyes
Perfect make-up, but you're barely scraping by

But you're barely scraping by...

Well this is one time, well this is one time
That you can't fake it hard enough to please everyone
Or anyone at all...or anyone at all
And the grave that you refuse to leave
The refuge that you've built to flee
The places that you've come to fear the most
It's the place that you have come to fear the most

And you can't fake it hard enough to please everyone
Or anyone at all..or anyone at all
And the grave that you refuse to leave
The refuge that you've built to flee
The places that you've come to fear the most
It's the place that you've come to fear the most
It's the place that you have come to fear the most
