Sleep with all the lights on
You're not so happy
You're not secure

You're dying to look cute in your blue jeans
But you're plastic just like everyone
Just like everyone

And that face you paint is pressed
Impressing most of us as permanent
And I'd like to see you undone

College night will draw the crowds
Dorms unload and your heading out
Here is your moment to shine

Making up a history
It's nothing from the life you lead
But man, will they buy all your lines?

Sleep with all the sheets off
Bearing your mattress
Bearing your soul

And you're dying to look smooth with your tattoos
But you're searching just like everyone
Could be anyone

And those friends you have are the best
Impressing most of us as permanent
But I'd like to see you undone

Youth's the most unfaithful mistress
Still we forge ahead to miss her
Rushing our moment to shine

Making up a history
It's nothing from the life you lead
But man, will they buy all of your lines?

We're not twenty one
But the sooner we are

The sooner the fun will begins

Get out, your fake eyelashes
And fake ideas and real disasters ensue
It's cool to take these chances
It's cool to fake romances

And grow up fast
And grow up fast
And grow up fast
And grow up fast
