How are you feelin'?
Do you feel O.K?
'Cause I don't.
It keeps me realin'.
Will I ever be the same?
No I won't.
It's a cold day in a cold world.

Chours:
I really wish I could of saved you.
But then who would have saved me from myself?
Right now, I could use a stiff drink,
To kill the pain that's deep inside my bones.

Have you been dreamin'?
I don't dream at all.
I have nightmares.
Memories corilin'.
Have you come to kill what's left?....
Of my smile?
There's no vacancy in paradise.

Chours:
I really wish I could of saved you.
But then who would of saved me from myself?
Right now, I could use a stiff drink,
To kill the pain that's deep insode my bone.
I really wish I could of saved you.
But then who would of saved me from myself?
I really wish I could of saved you.....

(Guitar Solo)

I'll never forget you,
I'll never forget you,
I'll never forget you,
I'll never forget you....

(Giutar Solo)

I really wish I could have saved you,

I really wish I could have saved you,
I really wish I could have saved you,
I really wish I could have saved you...
