We are the builders waiting for the demolition
You are the plastic savior, you know, faceless
generation

We're gonna suck you in, spit you out
We're gonna pin you up, pull you down

And you will crash
Into the wall
You will crash into the world around you

You long to see them
But your friends have gone away
And all you're left with is
Another shattered day
They need a Jesus too
You're what set you free
Now the time has come
We want to see you bleed, yeah

Lay down, yeah, yeah

In the space where you vacated
We'll find a new religion
You wanted to be king and
Your crown became your prison

Now
Try not to be forgotten
It's killing all your time
You want to feel infected
And it makes you blind

And you will crash
Into the wall
You will crash into the world around you

You long to see them
But your friends have gone away
And all you're left with is
Another shattered day
They need a Jesus too

You're what set you free
Now the time has come
We want to see you bleed, yeah

Oh that's what we really need to see

You long to see them
But your friends have gone away
And all you're left with is
Another shattered day

Oh yeah, oh yeah
