I think I've swallowed to much
Of everything around me,
Cause my stomach feels invaded,
Please excuse me while I...throw it up.

It's dark here inside a smoke filled room,
Trying to convince myself,
The glass I see is half full,
When all I really see is...half empty.

Half empty.

[chorus]

You ask me
"Do I regret the past?"
"Well I really don't know, maybe I do. Just a little"
If I make it through the day
It'll all be ok
(note - I'm not sure of the next line. I think it says
"Just need a sharper clue" and then I'm pretty sure the
next one says "cause I'm feeling brittle".)

Right now I'm just trying to slow down
I know you're into acceleration
But I've already got enough speed...in my life

I wish I had more to say,
But I've said way to much already
Should I put it all back in my mouth..fuck it.

Oh yes!

[chorus]

You ask me
"Do I regret the past?"
"Well I really don't know, maybe I do. Just a little"
If I make it through the day
It'll all be ok
(note - I'm not sure of the next line. I think it says
"Just need a sharper clue" and then I'm pretty sure the

next one says "cause I'm feeling brittle".)

I'm feeling brittle!

"Do I regret the past?

I say no fucking way.

It's all been said and done.

But I won't forget it.

If I make it through the day,

It'll all be ok.

Cause I never will be,

(note - this is another line I'm not sure of, so if
anyone knows, please edit my lyrics)
