Talk to me, don't talk to me
You see only what you want to see
And it's all a lie
Don't you realize

You'll keep on moving
Refusing to believe it's an illusion

There is no perfect world
For you to find
What you're looking for
Lives within your mind

Yeah

Sleep with me, don't sleep with me
Too many different melodies
Gonna make you fry
Some guy in the sky

You'll keep on loosing
Refusing to believe it's an illusion

There is no perfect world
For you to find
What you're looking for
Lives within your mind

You're living in your own world
You're living in your own world
There's nothing wrong with my world

No

It all begins and ends with you
It all begins and ends with you

I just hope everything turns out right
