Whenever you speak
It disturbs me
Oh you got no reason
You're keeping me dressed
In confusion
Wake up screaming

It's all in overdrive
I can't take it
I sit and wonder why
I'm feeling violated
Violated
Violated
Violated

I'm looking behind
With a blank face
That you left to borrow
Watching today
Yeah strangle
About tomorrow

It's messing with my life
I can't take it
I sit and wonder why
I'm feeling violated
Violated
Violated
Oh I'm feeling violated

Why don't you just go away
Why won't you just go away
Why don't you just go away

Violated
Violated
Violated
Violated
