Go in, out! Go in, out!
Get me out of the jungle - (go in, out!)
Can't you see my heart - beats like a tom-tom
(Medical encyclopaedia tells me I need to get...)
Get me out of the jungle - (go in, out!)
Tell me - tell me how

Physical asylum - physical asylum...

Go in, out! go in, out!
(Medical encyclopaedia tells me I need to get...)

Get me out of the jungle - (go in, out!)
I'm gonna look for a miracle - with my bedside
telephone

Physical asylum - physical asylum...

(Physical asylum needs - physical asylum needs...)

Physical asylum - physical asylum -
Physical asylum - physical asylum...
