You were on the second floor  
Hanging out the window  
Watching the cars passing by  
With that look in your eye

And I was hanging round below  
Waving to ya from the road  
I was calling your name  
You were miles away

Hey, you've been wondering  
What's it to ya?  
You've been questioning why all day  
It's such a silly thing  
Still it threw ya, caught you by surprise

You're coming to me loud and clear  
There's nothing really for us here  
It's a terrible thing, hanging on by a string  
There's nothing left for me to say  
You've said it all already now  
I won't add anymore, I'll just slip out the door

Hey, you've been wondering  
What's it to ya?  
You've been questioning why all day  
It's such a silly thing  
Still it threw ya, caught you by surprise

You and I  
So sick and tired of hanging around  
You and me, we both agree  
It's all over now  
All over now

Hey, you've been wondering  
What's it to ya?  
You've been questioning why all day  
It's such a silly thing  
Still it threw ya, caught you by surprise
