Welcome to my kitchen, I will just about be dishin'
What as much as you can take, scoop my heart into a
plate
Step into the light and my eyes are opened wide
Let me flash at you a smile that I've been practicing a
while
As much as you can take

If I fall of the stage will you feel fully entertained?
Well I really don't mind if you're not listening
I could be myself, I could be somebody else
There's a million other people I'd rather be
But it's much, too much, too late

All welcome tonight
Hope you're feeling alright
I could be cornering myself
Out here in a daze
Don't believe what I say
I'm full of promises

I should be alone, you know I should have stayed at
home
But these butterflies inside, they wanna take me for a
ride
It's over pretty quickly, still, it makes me feel quite
sickly
And I hope that you don't mind you know I do this all
the time
I often wonder why

All welcome tonight
Hope you're feeling alright
I could be cornering myself
Out here in a daze
Don't believe what I say
I'm full of promises

La, la, la, la, la hope you're feeling alright
All welcome tonight, hope you're feeling alright
Ahh
