Lost from the start
I might as well be on the moon
Much colder than I thought
Even in the month of June
No communication
Makes you feel so alone
Well, all I need is patience
Which I've never really known

But now it's too late
It's taking over me
I feel so supernatural
And I'm pulled the other way
It's more than I can take
And I'm losing hold of everything
Well no matter how I try
You know I can't deny
'Cause you feel so supernatural

Every step I've taken
Has lead me here to where you are
But all that I believe in
Is keeping me from seeing too far
Throwing out the questions
Waiting for the right reply
Looking for the answers
Tell me will it be tonight

But now it's too late
It's taking over me
I feel so supernatural
And I'm pulled the other way
It's more than I can take
And I'm losing hold of everything
Well, it's more than physical
It's kinda hard to see beyond the glow
And no matter how I try
You know I can't deny
'Cause you feel so supernatural

Through the atmosphere I'm seeing
Glimpses of the past I'm leaving

Holding on for life as we collide

But now it's too late
It's taking over me
I feel so supernatural
And I'm pulled the other way
It's more than I can take
And I'm losing hold of everything
Well, it's more than physical
It's kinda hard to see beyond the glow
And no matter how I try
You know I can't deny
'Cause you feel so supernatural

Feel so supernatural
Feel so supernatural
Whoa
Feel so supernatural
Feel so supernatural
