"Fractured Queen"

I've been known by the fractured queen
And I have cornered all the scenes.
I have loved and I have lost
But now I am found, oh yes, I am found
I've been raptured by love before
Cut my tongue trying to have some more
Wanted what I could not take
So I had to reach the sky, oh I had to reach the sky.
Because I know things can never be the same so
I reach up and touch the sky
I'm so healed as I try, try and touch the sky.
I've heard screams from beyond the door
Fractured love lying on the floor
There are hands that try as they may
They try and get so high, human hands try and get so
high.
I've been raptured be love be for
The Queen is come'n and she wants more
Fractured fingers for those who claw
For a lost love to be found, for a love to be found.
