Intro: Dr. Khalid Muhammed

Give me a black goddess sister I can't resist her. No
stringy haired, blonde
hair, blue eyed, pale skinned buttermilk complexion.
Grafted, recessive,
depressive, ironing board backside straight up and
straight down. No
frills, no thrills, Miss six o'clock, subject to have the
itch, mutanoid,
cauczoid, white cave bitch...

Verse One: Ice Cube

Ease back white bitch, I don't play that
Just because I got on my L.A. hat
Stalkin' walking in my big black boots
Is my jingle, now you want Mandingo
Big, black and handsome
I should hold your devil ass for ransome
Sorta like Patty Herst, but I'll burst first bitch
And you know what's worse
I'm coming from the land where the choppers roam
So phuck you bitch and your Coppertone
Stringy hair - no derrier - frontin' and fakin' with your
silicone pair
Do I wanna phuck? Not hardly
That's kinda like Barbie phuckin' Bob Marley
It ain't gonna happen, I keep rappin'
Muthaphuck Teniell, but see I'm the Captain of this ship
And I'm true to the game
Ya all look the same
Standin' by my backstage door, hopin' that'll switch
Spread out you little cave bitch

Verse Two: Ice Cube

Why everytime we get famous
You wanna play us like Andy and Amos?
The devil sent you to try and tame us
But you can't tame me, with no bitch named Amy

Lookin' for the dark meat
But ho, I ain't tryin' to go out like Barkely
Cuz everytime I turn on the TV
I see several brothers with she-devils
Smilin' cuz you out on a date
But sooner or later, the bitch'll yell rape
Soon as daddy found out you a jigaboo
He'll kill like he did Emmitt Till
Yah, he tried to kick bass
But the bitch probably threw it in his face
Sargent Bale ain't nothin' but a trick
Nasty as hell, stanky little cave bitch

Verse Three:

Now don't think that I hate you
Cuz I won't date you, bitch I gotta stay true
You can be a fan, but don't expand
And try to get my dick in your hand
You better run to the minute man
Pale as snow, so act like y'know
Cuz if I slap it, flip it, and rub it like that
Yeah, it gotta be black
Plus yo ass too flat
I need a butt big enough that can clap
Rat-a-tat-tat
You can't get mine ho
I'd rather phuck an albino
Atleast I know, she's comin' from the Nubian
And not the Ku Klux Klan that you be in
And I don't give a fuck if your family is rich
You're still a little cave bitch
