"Attention all nigga rows and nigga hoes  
We've decided to rob this motherfucker the legal way  
Nobs injecting ourselves to become property on the  
stock  
In the penal system. In the justice system"

Penitentiary, I hear you calling me (x4)

[Verse 1]

As the world turns, it burns while it's spinning  
Coming to a fucked-up ending  
I can't wait till the day everything in the hood is straight  
And I can hit the perly gates  
Until then, the pen is unfair  
Slave ships in the middle of nowhere (mama)  
I lets my goddamn hair grow (mama)  
Bellin' in court, lookin' like a scarecrow  
On Capital Hill, they done passed a bill  
Coming at me with a fucked-up deal (nah)  
The judge gave me a 'L'  
But y'all can't tell  
I wait and cry in my cell  
Convicted negro, superhero  
Speaker of the house  
Hate the lyrics in my mouth  
Bitches in the south showin' ass (mmm)  
Mix a lot, got hoes puttin titties on the glass  
We blast in the west for example  
And rap about this shit over funkadelic samples  
Yo' babies see me kill a fool on TV (Wilson!)  
And straight call me a G

[Hook 1]

Penitentiary, I hear you calling me  
Penitentiary, I hear you calling me  
Thinkin' of illegal ways to get paid  
But it ain't shit, got to be legit

[Hook 2]

In South-central L.A.  
You can buy your game from the C.I.A., hey-hey

In South-central L.A.  
You can buy your game from the C.I.A. baby

[Hook 1]

[Verse 2]

When the evil outweighs the good  
And you only give a fuck about the bucks  
The Earth will self-destruct (bitch!)  
Fuck the ozone layer, bitch I'm a playa (bitch!)  
Plus we got a black mayor  
I get sex when I show flex (Booom!)  
Port Bay Rolex (Booom!)  
Which ho is next? (Booom!)  
Treat you like a piece of meat, not a mate  
Calling you a ho 'cos I'm fucking on the first date (uh)  
My world is a one-mile radius  
I swear every other hood is the shadiest (uh)  
Could the Crips and Bloods be all rotten  
When the trilateral commission is plottin'?  
What you gonna do when the Earth erupts?  
Some niggaz gettin' nuts outa styrofoam cups (punk)  
Fool you on monster swow  
But won't even think about, socking Bob Doe (punk)  
Asshole from the Senate  
How can you relate to a project tennant?  
Motherfuck you and the Department of Corrections  
Tryina' get a section of this west-side connection

[Hook 1] x2

[Hook 2]

Just because you gotta stay  
You ain't gotta rot away  
We gon' come and get you one day  
(repeat until fade)
