The world is mine (\*whispered\* the world is mine)  
(repeat 4X)

The world, belongs to me  
Niggaz don't know my pedigree, W-S to the C  
We be them hogs, that make it rain cats and dogs  
We got the "Bud" just like them frogs  
Now everybody on the West, show some love  
And everybody on the East, respect the Corniche, it's  
not on lease  
Breakin laws, swimmin through the water like Jaws  
Gumby's pause, and take they drawers, no balls  
God damnit, niggaz take my planet for granted I can't  
stand it  
Catch a flight across the Atlantic  
Step off the plane, nuttin but expense of the game  
Bitch I'm rich you know my name, show me the cane  
Now are you sure? One hundred percent pure  
Cause if it's not, believe me the shit gettin hot  
I got a plot to make your whole family deaf dumb and  
blind  
(tell em one more time) the world is mine

Chorus: Ice Cube

The world is mine nigga, back up  
I gots to get mine before I act up  
(repeat 2X)

It's a quarter to eight, I'm not finished my plate  
I got a phone call to make, my niggaz tell me it's fake  
Oh what a mistake, here's what I want you to break  
Tie his feet with some weight, throw his ass in a lake  
And then set up a date, between me and his mate  
Tell her lobster and steak, and bitch don't be late  
Oh the pussy was great, I'm still sealin your fate  
Cause you can't imitate, the nigga you love to hate

Chorus

Can I grin, show my fin, I'm down with mack 10

Dub-C, K-Dee, and Kausion  
It don't stop, niggaz get to bowin a lot  
When we enter the spot, look all the niggaz we got  
Worldwide, nigga take a look outside  
Got a brother named Clyde, he's like Jekyll and Hyde  
Ice Cube is the lick, Westside is the click  
(Can't get enough of this gangsta shit)  
You wanna check our cajones we got the feds up on us  
We gotta roll on Daytonas because we know that they  
want us  
And if they catch us in rap, it's a reasonable doubt  
My niggaz pointin me out, my momma scream and she  
shout  
But we got enough green, from our triple beam  
To hire the prosecution, and the dream team  
This world ain't nuttin but a dollar sign (ching ching)  
I'm a partner in crime, the world is mine

Chorus

[Mack 10]  
Yeah, you punk ass niggaz know the side, so check it  
When you meet us, you better bring your heaters  
Cause the only way you could beat us, is if you cheat us  
nigga

Chorus

[Mack 10]  
We tight, ha hah  
Where you from nigga?  
Where you from nigga?

(tell them one mo' time) Ice Cube: The world is mine  
(4X)

Ha ha ha, Westside
