It's the nigga ya love to hate with a new song
So what really goes on
Nothing but a come-up, but ain't that a bitch
They hate to see a young nigga rich
But I refuse to switch even though
Cause I can't move to the snow
Cause soon as y'all get some dough
Ya wanna put a white bitch on your elbow
Moving out your neighborhood
But I walk through the ghetto and the flavor's good
Little kids jumping on me
But you, you wanna be white and corny
Living way out
"Nigger go home" spray-painted on your house
Trying to be White or a Jew
But ask yourself, who are they to be equal to?
Get the hell out
Stop being an Uncle Tom, you little sell-out
House nigga scum
Give something back to the place where you made it
from
Before you end up broke
Fuck around and get your ghetto pass revoked
I ain't saying no names, you know who you are
You little punk, be true to the game
