Rain that hits the window on the outside hides the  
teardrops fallin' on the inside  
A heart that has a sadder beat cause someone went  
away  
It's not a very pleasant day today  
Cloudy skies that make the moon so gloomy all alone it  
makes the room more roomy  
The echo of your footsteps that seems to plainly say  
It's not a very pleasant day today  
Without the sun it makes my world seem chilly  
Well it may be me and I guess that's kind of silly  
It's over now and my mind somehow should make you  
go away  
It's not a very pleasant day today  
The wind that blows just seems to tell the story  
It seems to say I'm wrong and now I'm sorry  
You're all I have the weather's bad and it looks like it's  
here to stay  
It's not a very pleasant day today it's not a very  
pleasant day today
